

KX2 Desk Stand

Thank you for your purchase of
the Nifty KX2 Desk Stand.

Stand Assembly:

1. Attach the Nifty Accessories label as shown in Figure 1.
2. Place one vinyl pad at each corner on the bottom of the stand, locating them as shown in Figure 2.

Inserting Shoulder Screws:

1. Insert shoulder screws into the two nutserts on the back of the KX2 as shown in Figure 3.
2. Only finger tighten the screws.

Attaching the control head to the stand:

1. Make sure the two thumbscrews holding the KX2's back cover in place are snug.
2. Place the shoulder screws into the two mating holes on the stand and push the radio down to seat them in the slots.

That's It!

Note: If after some use, you notice the stand sliding a bit, turn the stand over and wipe the feet clean as they may have accumulated a layer of dirt.
